

# D-GREASER

## 1. IDENTIFICATION OF THE SUBSTANCE /PREPARATION AND OF THE COMPANY /UNDERTAKING

Product Name: D-GREASER

Supplier: Gems Hygiene Supplies  
The Business Centre  
79 Leigh Street  
Sheffield  
S9 2PR

Tel: 0114 261 8187  
Fax: 0114 261 1489  
E: info@ghdirect.co.uk

## 2. HAZARDS IDENTIFICATION

Not regarded as a health or environmental hazard under current legislation

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Name                          | EINICS No. | CAS No. | Content | Classification      |
|-------------------------------|------------|---------|---------|---------------------|
| Alcohol ethoxylate            |            |         | 1-5%    | Xn;R22. Xi;R38, R41 |
| ALCOHOL ETHOXYLATE SURFACTANT |            |         | 1-5%    | Xi;R38,R41          |

The Full text for all R-Phrases are displayed in Section 16

## 4. FIRST AID MEASURES

|              |                                                                                                                    |
|--------------|--------------------------------------------------------------------------------------------------------------------|
| INGESTION    | Rinse mouth thoroughly. Drink plenty of water. DO NOT INDUCE VOMITING! Get medical attention.                      |
| SKIN CONTACT | Rinse with water. Get medical attention if any discomfort continues.                                               |
| EYE CONTACT  | Promptly wash eyes with plenty of water while lifting the eye lids. Get medical attention if discomfort continues. |

## 5. FIRE-FIGHTING MEASURES

|                     |                                                                                                    |
|---------------------|----------------------------------------------------------------------------------------------------|
| EXTINGUISHING MEDIA | This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials. |
|---------------------|----------------------------------------------------------------------------------------------------|

## 6. ACCIDENTAL RELEASE MEASURES

|                           |                                                                                                                                                                                                         |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| PERSONAL PRECAUTIONS      | Stop leak if possible without a risk. Absorb in vermiculite, dry sand or earth and place into containers. Flush with plenty of water to clean spillage area. Do not contaminate water sources or sewer. |
| ENVIRONMENTAL PRECAUTIONS | Any spillage needs to be contained and not allowed to enter water courses.                                                                                                                              |

## 7. HANDLING AND STORAGE

|                   |                                                                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| USAGE PRECAUTIONS | Eye protection should be considered where there is a risk of splashing. Rubber gloves and barrier cream are recommended when using any chemical. |
| USAGE DESCRIPTION | Store in tightly closed original container in a dry, cool and well-ventilated place. Keep in original container.                                 |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

|                      |                                                                                                                                                             |
|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| PROTECTIVE EQUIPMENT | Gloves                                                                                                                                                      |
| HAND PROTECTION      | For prolonged or repeated skin contact use suitable protective gloves.                                                                                      |
| EYE PROTECTION       | Safety glasses are not normally required. However their use is recommended where there is a risk of spray mist or splashing when using or handling product. |
| OTHER PROTECTION     | General workwear only                                                                                                                                       |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                           |                         |
|---------------------------|-------------------------|
| APPEARANCE                | Opaque, Liquid          |
| COLOUR                    | Yellow                  |
| ODOUR                     | No characteristic odour |
| BOILING POINT(°C)         | 100                     |
| RELATIVE DEINSTRY         | 1.005 – 1.015 @ 20°C    |
| pH- VALUE, CONC. SOLUTION | 8.6                     |
| SOLUBILITY                | Miscible with water     |

#### 10. STABILITY AND REACTIVITY

|                                  |                                                     |
|----------------------------------|-----------------------------------------------------|
| STABILITY                        | Stable under normal temperature conditions.         |
| CONDITIONS TO AVOID              | Avoid excessive heat for prolonged periods of time. |
| HAZARDOUS DECOMPOSITION PRODUCTS | Not known                                           |

#### 11. TOXOLOGICAL INFORMATION

|              |                                                                                                          |
|--------------|----------------------------------------------------------------------------------------------------------|
| INGESTION    | Liquid irritates mucous membranes and may cause abdominal pain if swallowed. Diarrhoea, Nausea, Vomiting |
| SKIN CONTACT | Prolonged contact may cause dryness of the skin.                                                         |
| EYE CONTACT  | Irritation is likely.                                                                                    |

#### 12. ECOLOGICAL INFORMATION

|             |                                                                                               |
|-------------|-----------------------------------------------------------------------------------------------|
| ECOTOXICITY | Not classed as Hazardous to the Environment but release to the environment should be avoided. |
|-------------|-----------------------------------------------------------------------------------------------|

#### 13. DISPOSAL CONSIDERATIONS

|                  |                                                                                |
|------------------|--------------------------------------------------------------------------------|
| DISPOSAL METHODS | Dispose of waste and residues in accordance with local authority requirements. |
|------------------|--------------------------------------------------------------------------------|

#### 14. TRANSPORT INFORMATION

|                      |                |
